# STEVE IVY RARE COINS

Dear Customer:

This month we are pleased to present our May Ivy Numismatic Journal, with extensive new listings of Rare U.S. Coins offered for sale. Interest in numismatics continues to increase, with both prices and activity bearing testimony to that statement.

Included with your Journal this month is a booklet from our research department on a new market tracking measure, the Comparative Value Index or CVI. A great deal of time and effort has gone into selecting representative examples from various fields of the U.S. Coin Market, and we urge you to read the CVI brochure thoroughly so that you can fully discover its meaning and usefulness as a market measuring tool.

Let us also remind you of two other programs which we offer that we feel will enhance your enjoyment of numismatics. First, is our Monthly Investment and Numismatic Training, or M.I.N.T. plan, which combines the educational enrichment aspect of numismatics with a regular monthly investment in an area of interest to you. Second, is our Assured Delivery Program, whereby the entire resources of our company are devoted to delivering any coin ordered through the program within 30 days.

As a final note, remember that our prices are negotiable, and one of our professional numismatists is only a toll-free call away.

Sincerely,

Michael W. Sherman  
General Manager

## COLONIALS

- 1652 EF (45) Massachusetts. Pine Tree Shilling. Noe-2. Beautiful lilac-grey with gold flashes at the protected areas. Clean, well centered and sharp in all respects; minor planchet bend does not detract. In our opinion, the execution of the Noe-2 die is the finest of all Pine Tree varieties. (see color photo) . . . . .3,950.00
- 1652 AU (55) Massachusetts. Pine Tree Shilling. Noe-29. Two tone golden-grey with pleasing ancient patination within the devices. Somewhat off center at the upper obverse but all legends are clear. No luster to speak of but very little wear is present. Pine Trees are virtually unobtainable as choice. (see color photo) . . . . .4,950.00
- 1773 MS (65) Virginia Halfpenny. With Period. Full red, minor mellowing on the devices. Original unspotted surfaces display considerable vibrancy. While Mint State Virginia Halfpennies are rather common, few show as much red and as few spots. (see color photo) . . . . .1,450.00
- 1783 AU (55) Washington and Independence. Baker-4, Vlack 1-A. Small Military Bust. Corded Edge. (R-4). Struck from extremely worn and shattered dies. Interesting; we have never seen a piece from this state. Scarce. . . . .695.00

## TWENTY CENT PIECES

- 1875-S MS (63) Prooflike. Delicate lilac-gold obverse; deeper gold reverse. An outstanding coin for the grade 1,740.00
- 1875-CC MS (67) Superb! Rather deep gold toning atop pristine surfaces. A remarkably sharp strike; only the second 1875-CC we've seen without weakness on the right leg and wing. A premium type coin but an individual scarcity in its own right. 6,600.00
- 1876 Proof (60) Cleaned. 1,050.00
- 1878 Proof (65) Sedate obverse iridescence; the reverse shows more intensity in its hue. A premium example of this Proof-only scarcity; finding original examples of this quality is a formidable task. (see color photo) 9,650.00

## BUST QUARTERS

- 1796 About Good (3) Browning-2. Plugged and mounted. A hole filler. 695.00
- 1796 MS (63) B-2. A simply beautiful example of one of the most desirable U.S. coins. The mostly prooflike surfaces display a myriad of natural pastel. The obverse shows no rub at all. The reverse is, of course, weak at the eagle's head but is sharp at the peripheries. If this cataloger could own any U.S. silver type coin, the 1796 Quarter would receive priority consideration. (see color photo) 29,500.00
- 1807 Good (4) B-2. 5 Berries. Scarce. 200.00
- 1818 AU (50) B-4. Struck from clashed dies. Natural deep grey with iridescence below. A splendid type coin. 1,140.00
- 1821 EF (45) B-4. Similar coloration to the above. Cracked reverse; the latest state known for this date. Scarce. 615.00
- 1825 4/3 MS (63) B-3. Perfect dies. Light autumn pastels on the lustrous obverse; pale reverse iridescence atop somewhat prooflike surfaces. An obverse scratch at Ms. Liberty's neck looks more like a die break; the reverse is very clean. (see color photo) 3,300.00
- 1833 AU (50) B-1. No Period. Fully lustrous and sharp for the date and grade. Struck from rusted, clashed dies. 785.00
- 1835 MS (63) B-1. Obverse and reverse cracks as described. Pearly pastels atop surfaces nicer than the grade might conjure. 2,190.00
- 1834 MS (69) Wonder Coin! Browning-4; heavy reverse cracks as described. With the exception of some striking weakness at stars one and three, this coin is perfect. The intense luster illuminates the splashy pastel toning. The surfaces are entirely unmarked and the overall visual impact is unparalleled amongst Small Size Bust Quarters. The finest example of this type we have ever owned. 16,875.00
- 1835 MS (67) Superb! B-1. And this is the second finest Small Size Bust Quarter we have ever owned. Each side displays a different iridescent configuration. The strike is outstanding and even the most eagle-eyed viewer will fail to locate a mark upon the surface. An unparalleled opportunity for the type collector or Bust specialist. (see color photo) 10,125.00

(All Proofs seen of this date have either some repunching on the final 8 in the date, a rust pit below B in LIBERTY or obvious die polishing in the reverse shield.) Rare enough in "typical" Mint State but prohibitively so in this level. We can confidently say that this is amongst the finest known for the date 12,500.00

- 1890 MS (69) Wonder Coin! Dusky grey with purple flashes on the obverse fields. Sharply struck and incredibly free of marks. A favorite date of ours; we have always placed this just a step below the 1879-1889 in Mint State rarity ratings. 4,750.00
- 1891 MS (65) Deep iridescent toning. A fitting end-of-the-series Seated Quarter. 2,280.00

## GOLD DOLLARS

1849-O MS (65) Full strike. Deep orange-green gold with full luster. The surfaces show no clashmarks or stray abrasions. This just barely trails the Bloomfield coin as the finest 1849-O Gold Dollar we have ever sold.	4,950.00

1855 MS (69) Type Two. Wonder Coin! The most important type coin in this list. An outrageously frosty coin with perfect surfaces. In fact, the only "fault" one could stick on this coin is a tiny patch of weakness above the 8 in the date. To all of those Gold type collectors who have looked long and hard for a true Gem Type Two: your quest has ended.	42,500.00

Although we deal primarily in U.S. coins, we do maintain an inventory of Foreign. These coins all come from Europe; specifically from old estates and/or banks. If you do not see what you are looking for, send a want list; especially if you collect French, German and/or Swiss.

# There is only one way you are sure to get the coin you want.

## The Steve Ivy Assured Delivery Program.

Now you are sure to get the coin you want with the new Assured Delivery Program. Never again will you spend months searching through price lists, catalogs, advertising lists, or auctions for the one coin you want only to realize after you think you've purchased it, the coin is "sold out."

And in today's faster moving coin market, with short supplies of quality items, the problem of ordering the coin "first" will only worsen.

### Now you can be sure.

Since your satisfaction and enjoyment in numismatics is our number one goal, we've developed a new method of buying coins so that you can be sure of buying the coin you want.

Our new Assured Delivery Program allows you to purchase any of the Assured Delivery coins and have that coin shipped to you within 30 days after receipt of your paid order.

And, so that you can keep your money working, your check will not be deposited into our bank until we've filled your order. This is especially helpful for you today because of the availability of interest bearing checking accounts.

### A program tested and proven.

During the coin rush from 1977-1980, many of our customers experienced the "sorry, sold out" problem. In an attempt to satisfy the rising demand for coins, we privately tested the Assured Delivery concept with a few of our customers.

The result was that within a two week period after receipt of the customer's order, over 80% of the coins were either already available or had flowed into our inventory and were immediately shipped to their new owners. Of the remaining 20% of the orders, almost all of the coins were discovered in the market within 30 days, as our buyers frantically searched at major coin shows and auctions.

Now, Steve Ivy Rare Coins has the largest selection of coins in the world, and we feel that almost all of the requests for Assured Delivery

coins can be filled immediately.

### Your assurance with our pledge.

By ordering through the Assured Delivery Program, the fulfillment of your coin need becomes our top priority. Here is our six point pledge to you:

1. We pledge to complete your order first if the coins are currently in stock.
2. We pledge to instruct our buyers to concentrate on locating your coins in the current market.
3. We pledge to assign priority to your order above all want lists.
4. We pledge to deposit your check only when your coins are shipped.
5. We pledge to provide you with the same guarantees of quality and of authenticity, and with identical privileges as a buyer on any normal order.
6. We pledge to ship your coins within 30 days after receipt of your order.

Because we are so sure that you will receive your Assured Delivery coins as pledged, we make the following promise:

*On any Assured Delivery order not shipped within the thirty day period, you will be sent your original check, or our check in the amount of the unshipped portion, plus a discount coupon good for 10% off your next purchase.*

### Be sure to get the coin you want.

Take advantage of our Assured Delivery Program today and order the coins you need. The back of your order form is especially designed for your Assured Delivery order.

You are sure to get the coin you want with the Assured Delivery Program — or get your 10% off! Send in your order today!

# The one and only auction in prime time.

Look at these four reasons why your coins should sell at this prime time:

## 1. Historical Success

As you look back over time, the week prior to the ANA Convention has produced excellent results for consignors. A brief examination of prices realized shows record and near record prices were achieved during this specific time period.

Historically, the time just prior to the convention has yielded a bountiful harvest for consignors. And now Steve Ivy Numismatic Auctions is the one and only firm with the auction in prime time.

## 2. Timing and Location

In the week prior to the ANA Convention, dealers will be in attendance at the San Diego Coin Show at the Sheraton Hotel. As the San Diego Coin Show progresses toward the weekend, more and more dealers will be arriving in San Diego for their planned attendance the following week. Many will have tables at the San Diego Coin Show.

It is during this weekend — with excitement at its highest peak — that Steve Ivy Numismatic Auctions will offer some of the choicest coins to this eager audience.

Don't miss your chance to sell through this auction — the one and only at prime time.

## 3. Rising Coin Prices

Coin prices are on the rise. In fact, prices are generally 35% higher than August of 1982.

When the San Diego Show auction takes place your coins will be available exactly one year after the market bottom — and selling in a rising market.

You can catch the momentum of the rising market. Don't wait for the momentum to slow before you act. Sell into the strength of a rising market at the one and only auction at prime time.

## 4. Aggressive Auction Firm

No one markets your coins more aggressively, to more top coin buyers than Steve Ivy Numismatic Auctions.

Just look at one of our catalogs. You'll never see a more beautiful and lucrative coin-selling tool than one of our auction catalogs.

From our full color photography (all coins pictured are in color), to our word-picture descriptions, our catalogs are the first class selling method to first class buyers.

Contact us quickly with your coins for inclusion in the San Diego Show Auction. Send your coins via registered mail (we'll call you the day they arrive), or for properties valued over \$30,000, call us and we'll fly to your city.

Take advantage of the unique circumstances which create the San Diego Show Auction.

It's the one and only auction in prime time.
